

GOOGLE'S MICHELLE LEE QUILTS U.S. PATENT OFFICE 48 HOURS AFTER SHE RECEIVES THIS DOCUMENT AND NOTICE OF AN FBI DEMAND FOR INVESTIGATION OF HER

- Aside from the usual BS reasons that Michelle Lee will give about why she left, the truth is that she was an Obama/Google plant at the U.S. Patent Office who was placed there to help Google steal all of the technology that Google wants to steal!
- The only person or entity she ever helped, during her entire tenure, was Google and Eric Schmidt
- Assigned By Google to Protect Google's Patent Thefts, Michelle Lee discovers she is facing criminal public office manipulation charges and high-tails it out the door!
- She can still be sued in Civil Court, though!
- She presided over the most screwed up patent office in history
- Everyone is glad she is gone. *"Good riddance to corrupt trash..."* say domestic innovators
- And another one bites the dust...

How Google and Michelle Lee Destroyed American Innovation and fouled the U.S. Patent System

By Audrey Lancaster

The articles at the following links demonstrate a horrific state of affairs for American technology. Google lobbyists and campaign financiers placed another one of their people in charge of another federal agency (Just like at the DOE, White House and FCC) and it, again has led to devastating results for America.

While protecting Google's interests, Google's lawyer: Michelle Lee, has gutted the U.S. Patent Office and destroyed the last vestiges of domestic creative advantage that the nation had.

http://www.nytimes.com/2016/01/24/technology/larry-page-google-founder-is-still-innovator-in-chief.html?_r=0

...This New York Times article describes Google's process for spying on inventors and stealing their ideas.

<http://www.ipwatchdog.com/2016/04/07/district-courts-misapplying-alice/id=68104/>

... This article describes the invention terminating process that Michelle Lee set in place.

<http://www.ipwatchdog.com/2016/04/04/amici-eli-lilly-supreme-court-sequenom/id=67973/>

... This article describes the, LITERAL, killing of the public caused by Michelle and her termination of life saving medical technologies. Notice in the Eli Lilly case that the problem is so disastrous that even Lilly, Genentech and other providers can't even deliver new drugs and cancer-curing new medical discoveries because they are being rejected and forced to be de-funded.

Google (AKA: the notorious “PollyHop” in the Season 6 HOUSE OF CARDS TV Series) is under global investigation for political manipulation. With the U.S. Patent Office, Google cuts right to the chase and sends their lawyer in to engage in BoonDogging with audacity.

Eric Schmidt and Google funded the attempt to outlaw small inventors being allowed to get patents.

Schmidt's famous lobbying facade known as “the troll bill” was temporarily rebuffed but now Schmidt has gone one better by placing his girl right on top of the actual U.S. Patent Office where she can do her thing right out in broad daylight.

DOES GOOGLE'S MICHELLE LEE WORK FOR BOTH GOOGLE AND THE U.S. PATENT OFFICE AT THE SAME TIME? CORRUPTION?

- Michelle Lee is Google's lawyer. She runs the U.S. Patent Office.
- Google hates other people's patents because, according to many inventors, Google has stolen most of its technology from others.
- Michelle Lee presided over some of the largest intellectual property thefts, by Google, while she was at Google.
- The New York Times did a feature article about how Google founder Larry Page based Google's business model on ideas he stole.
- Google spent more money, than any other company, trying to over-throw modern patent laws that protect small inventors.
- Most people think that Michelle Lee is a **“criminal mole planted by Google to protect Google and only Google”**.
- Michelle Lee makes huge amounts of money off of Google while she runs the U.S. patent office.
- Google funded Obama's campaign and Obama appointed Michelle Lee.
- Michelle Lee has vindictively and overtly sought to invalidate tens of thousands of existing patents on a **“seemingly maniacal crusade to protect Google by steam-rollering all patents that may affect Google.”** She does so with the protection of the White House, who Google seems to **“own”**.
- Patent attorneys, start-up CEO's, inventors and small business hate Michelle Lee. Only Google seems to like Michelle Lee.
- Citizens groups plead with Trump, Sanders and Cruz to arrest and indict Michelle Lee if elected but know Hillary will keep her because Google finances Hillary, too.
