

# PayPal is controlled by the DNC and will hide your money if you are Alt-Right or against PayPal founders ideology

By Conner Unsing

It is undeniable that the founders of PayPal are the biggest financiers and beneficiaries of the DNC. Their campaign contribution records, their public statements and the billions they have reaped all come and go from the DNC controlled coffers. They even call themselves “The PayPal Mafia” in order to represent their mobster-like thought process and their designs on the illicit control of commerce.

What is not well known is that PayPal has, for over a decade, stooped to more sinister methods of manipulating the public interest. This includes spying on the public, hiding money from certain political campaigns, deleting online sales before the customer sees them and delaying payments.

"PayPal Mafia" is a term used to indicate a group of former [PayPal](#) employees and founders who have since founded and developed additional technology companies[1] such as [Tesla Motors](#), [LinkedIn](#), [Palantir Technologies](#), [SpaceX](#), [YouTube](#), [Yelp](#), and [Yammer](#). [2] Most of the members attended [Stanford University](#) or [University of Illinois at Urbana–Champaign](#) at some point in their studies. Six members, [Peter Thiel](#), [Elon Musk](#), [Reid Hoffman](#), [Luke Nosek](#), [Ken Howery](#), and [Keith Rabois](#), have become billionaires. The PayPal Mafia is sometimes credited with inspiring the re-emergence of consumer-focused DNC aligned Internet companies after the [dot-com bust](#) of 2001. [10] The PayPal Mafia phenomenon has been compared to the founding of [Intel](#) in the late 1960s by engineers who had earlier founded [Fairchild Semiconductor](#) after leaving [Shockley Semiconductor](#). [3] They are discussed in journalist [Sarah Lacy](#)'s book *Once You're Lucky, Twice You're Good*. According to Lacy, the selection process and technical learning at PayPal played a role, but the main factor behind their future success was the confidence they gained there. Their success has been attributed to their youth; the physical, political, and economic infrastructure of [Silicon Valley](#); and the diversity of their skill-sets. [3] PayPal's founders encouraged tight social bonds among its employees, and many of them continued to trust and support one another after leaving PayPal. [3] An intensely competitive frat house environment and a shared struggle to keep the company solvent despite many setbacks also contributed to a strong and lasting Cartel gang amongst former employees. [3][11]

The top DNC financiers and operators of Sacramento and Washington DC lobbying control efforts are:

- [Max Levchin](#), Founder and [chief technology officer](#) at PayPal sometimes called the "[consigliere](#)" of the PayPal Mafia [4][12]
- [Elon Musk](#), is founder of X.com which acquired the company [Confinity](#). Musk later co-founded [Tesla Motors](#) and [SpaceX](#), and is the Chairman of [SolarCity](#) [3][8][13] and Obama's and Clinton's largest crony payola beneficiary.
- [David O. Sacks](#), former PayPal COO who later founded [Geni.com](#) and [Yammer](#) [3]
- [Scott Banister](#), former [Ironport](#) CTO and PayPal board member [14]
- [Roelof Botha](#), former PayPal CFO who later became a partner of venture capital firm [Sequoia Capital](#) [15]
- [Steve Chen](#), former PayPal engineer who co-founded [YouTube](#). [16]

- [David Gausebeck](#), former PayPal Technical Architect, co-creator of the Gausebeck-Levchin test, co-founder of Matterport Inc., a digital 3-D modeling company. [17]
- [Reid Hoffman](#), former executive vice president who later founded [LinkedIn](#) and was an early investor in [Facebook](#), [Aviary](#), [18] [Friendster](#), [Six Apart](#), [Zynga](#), [IronPort](#), [Flickr](#), [Digg](#), [Grockit](#), [Ping.fm](#), [Nanosolar](#), [Care.com](#), [Knewton](#), [Kongregate](#), [Last.fm](#), [Ning](#), and [Technorati](#) [3][19][20]
- [Ken Howery](#), former PayPal CFO who became a partner at [Founders Fund](#) [21]
- [Chad Hurley](#), former PayPal web designer who co-founded YouTube [8]
- [Eric M. Jackson](#), who wrote the book [The PayPal Wars](#) and became chief executive officer of [WND Books](#) and co-founded [CapLinked](#). [22]
- [Jawed Karim](#), former PayPal engineer who co-founded YouTube. [15]
- Rod D. Martin, former special counsel to CEO Peter Thiel whose 10X Capital took over [Galectin Therapeutics](#) in 2009 and who founded [Advanced Search Laboratories](#) in 2012. [23]
- [Dave McClure](#), a former PayPal marketing director, a [super angel](#) investor for start up companies [24] and founder of [500 Startups](#) which has hit 500+ investments. [25]
- Andrew McCormack, co-founder of [Valar Ventures](#) [26][15]
- [Luke Nosek](#), PayPal co-founder and former vice president of marketing and strategy, became a partner at [Founders Fund](#) with Peter Thiel and [Ken Howery](#) [27]
- [Jason Portnoy](#), former vice president of financial planning and analysis who later became CFO at Peter Thiel's [Clarium Capital](#), CFO at [Palantir Technologies](#), and founding partner at [Subtraction Capital](#).
- [Keith Rabois](#), a former executive at PayPal who later worked at [LinkedIn](#), [Slide](#), [Square](#), and currently [Khosla Ventures](#), and personally invested in [Tokbox](#), [Xoom](#), [Slide](#), [LinkedIn](#), [Geni](#), [Room 9 Entertainment](#), [YouTube](#), and [Yelp](#). [15]
- [Jack Selby](#), former vice president of corporate and international development at PayPal who co-founded [Clarium Capital](#) with Peter Thiel, later becoming managing director of [Grandmaster Capital Management](#). [28]
- [Premal Shah](#), former product manager at PayPal, became the founding president of [Kiva.org](#). [4]
- [Russel Simmons](#), former PayPal engineer who co-founded [Yelp Inc.](#) [15]
- [Jeremy Stoppelman](#), former vice president of technology at PayPal who later co-founded [Yelp, Inc.](#) [3][5][7][29][30]
- [Yishan Wong](#), a former engineering manager at PayPal, later worked at [Facebook](#) and became the CEO of [Reddit](#). [31]

*The PayPal Wars* is an insider's perspective on the people and events that helped create the company and its acquisition by [eBay](#) in 2002. The book recounts [PayPal](#)'s clashes with lawyers, regulators, and the [Mafia](#). [1] It also provides background information on PayPal's battles with the [Google Checkout](#) payments system. [2] Many of PayPal's founding employees went on to start other companies like [LinkedIn](#), [Tesla Motors](#), [YouTube](#), and [Yelp, Inc.](#); [3] they would become known as the [PayPal Mafia](#).

PayPal operates like a private CIA database. If you are a GOP or non-DNC candidate and try to raise funds online using PayPal, PayPal will make your money not-get-to-you by hiding transactions.

If you create an online store, you will find that you only receive a tiny part of the amount of sales you thought you would get, if you are on PayPal's "blacklist".

Hundreds of websites, such as <http://www.paypalsucks.com/faqs.shtml>, go into great length about the manipulations that PayPal engages in. DNC financier, Pierre Omidyar, the Ebay billionaire, even kicked PayPal out of Ebay, on advice of his lawyers, because PayPal's exploitation of political economics was so audacious.

Why have the FBI, SEC and FTC not arrested PayPal executives? Because PayPal/DNC insiders have spent so much cash, hookers and stock market bribes to prevent the FBI, SEC and FTC from taking action.
