

# The Mind Numbing Corruption And Perversions In Marin County In California

By Susan Lundt

Recognized for it's rolling green hills and freshly scrubbed blonde yuppies, Marin County in Northern California is supposed to be Heaven-on-Earth but a peek behind the scenes reveals Marin to be operated by crony criminals and ridden with pedophiles and anal sex fanatics. Even when you die in Marin County, the coroner may still rape your body and the tax people will rape your estate. Take a look at these stories for some color on Marin County that will make you blush red with anger and embarrassment:

In typical Marin County corruption case; Marin official's girlfriend, on stand in Marin corruption trial, recounts crimes

[# Comments](#)

A girlfriend of Brett Richards, the former Ross Valley Sanitary District manager, testified Monday that she accompanied him on trips to Las Vegas, Europe, Alaska, the Cayman Islands and the Philippines after Richards received a \$350,000 housing assistance loan from the district.

Richards is standing trial in Marin County Superior Court on charges that he took the loan from the district and never purchased housing.

Lynne Andonian, an assistant professor in the department of occupational therapy at San Jose State University, testified she began dating Richards in February 2010, but it wasn't until December 2010 that she began traveling with him extensively.

During pretrial hearings, Marin District Attorney Edward Berberian presented evidence showing that Richards deposited the \$350,000 housing loan in his Citibank account on Dec. 3, 2010.

Berberian asked Andonian if she remembered traveling to Munich, London, Paris, Venice, Barcelona, Florence, Rome and Croatia with Richards. Andonian said she recalled going to Europe with Richards, but she said she didn't recall specific locations they visited.

Berberian asked Andonian if she recalled taking trips to Las Vegas with Richards.

"I recall one trip to Las Vegas," Andonian said. She also confirmed the trips to Alaska, Croatia and the Cayman Islands.

Richards dropped from sight in July 2012 shortly after local political writer Dick Spotswood, in a column published by the Marin Independent Journal, raised questions regarding whether Richards used the \$350,000 loan to purchase housing. Richards resigned by email from his \$197,000-a-year job on July 25, 2012.

Andonian also testified she met Richards in the Philippines in August 2012. After that, Andonian said she communicated sporadically with Richards via phone and email until March 2013.

Andonian said she didn't hear from Richards again until July or August of 2013.

Berberian questioned Andonian about a telephone conversation she had with Richards while he was in jail awaiting trial. Inmate calls are recorded, and Berberian showed her a transcript of the conversation.

During the call, Andonian told Richards she had been distraught during the three months she couldn't reach him.

Berberian asked Andonian if Richards had replied that he had broke off contact with everyone he cared about because he was being investigated.

"I remember him being concerned about others getting hurt," Andonian said.

During pretrial hearings, Richards lawyers asserted that their client did not travel to the Philippines to elude authorities and was unaware that he was suspected of committing a crime.

Under cross-examination by Richards' co-counsel, Jai Gohel, Andonian testified that she accompanied Richards on numerous open houses around the Bay Area to assist him in his search for a house.

Also testifying Monday was Susanne Brown, an assistant city attorney with the city of Concord, who advised the Ross Valley Sanitary District when it was negotiating with Richards in 2009 over the terms of an earlier version of his housing loan. This \$125,000 loan, unlike the subsequent \$350,000 loan, would have required Richards to provide a deed of trust as security. Richards never used the earlier loan.

Brown said she spoke in detail with Richards about putting a clause in this earlier loan agreement that would have allowed him to promptly access \$45,000 in case he wanted to make a deposit on a real estate property.

Brown testified that Richards wanted to be able to move the money directly into his account without use of an escrow account. She said he became upset when she raised objections.

"He started screaming at me," Brown said. "I've never had a client talk to me like that before or since. He basically threw a hissyfit on the phone."

Brown said, "His reaction raised suspicions on my part."

Richards is charged with 13 felony counts including misappropriation of public funds, embezzlement and multiple counts of money laundering. He could face a up to 10 years in prison and \$1.5 million in fines if convicted.

## Marin County, CA Superior Court corruption investigation

Target: Alberto Gonzales, US Attorney General, U.S. Department of Justice

This petition is to request a special investigation by Attorney General Alberto Gonzales into the ongoing corruption in Marin County, CA superior court.

US AG Special Litigation Section has authority to investigate state and local law enforcement agencies and is authorized to take action if there is a pattern or practice of illegal conduct.

### CONSPIRACY AGAINST RIGHTS

Section 241 of Title 18 is the civil rights conspiracy statute.

### DEPRIVATION OF RIGHTS UNDER COLOR OF LAW

Section 242 of Title 18 makes it a crime for a person acting under color of any law to willfully deprive a person of a right or privilege protected by the Constitution or laws of the United States

In July 2005 California AG Bill Lockyer's released findings by his Domestic Violence Task Force that determined the criminal justice system is failing to enforce DV laws.

1) Marin County, CA judges have a long history of denying orders of protection for victims of DV and child abuse, routine denial of all evidence and witnesses when the accused party fails to show up for the restraining order hearing. In cases involving child custody and domestic violence, sole custody or unsupervised visitation have been given to the perpetrators of abuse in direct conflict of child welfare and DV laws.

2) Ex-parte, secret, in-chambers meetings between the abuser, his attorney and the judge are used to change custody to the abuser. Ex-parte hearings are not allowed unless proper notice is given to the opposing party and she or a legal representative is present. Fraud Upon the Court can occur when any order is made under these circumstances, the order and subsequent orders made that rely upon the illegal order are invalid and not enforceable.

3) Conspiracy to obstruct justice happens when officers of the court assist each other to cover evidence of criminal activity committed by judges, attorneys and perpetrators of abuse. Conspiracy can occur when confidential court files are missing evidence that was supportive of the abuse or violence, as well as when psychiatric, psychological, medical, school and police reports are illegally removed from the files, motions for discovery denied, due process is ignored.

# **The Marin County Corruption Scandal!**

## **- What to do when County officials engage in political reprisals and ideological vendettas against you!**

By Andy Cosgrove and The Marin Alliance

Are public employees who hate Trump, or hate Obama, using their public offices (that your tax dollars pay for) in order to attack you because they hate the current President or they hate your politics? **Is that legal? No!** It is a violation of the law, a violation of the U.S. Constitution and a violation of the trust of the public. Here is what you can do:

- File public-interest lawsuits for RICO, Civil Rights violations and related corruption charges against the top 10 county administrators, **PERSONALLY**, the county itself and the attacking investigator, **personally**, for abuse of office.
- Publish a WIKIPEDIA book on the internet, ASAP about the entire incident naming all of the names involved.
- Contact the Secret Service to advise them that a public official is using Government resources to express their intentions towards the acting President.
- Investigate the top 15 county officials, and their campaign financier,s and track-back every: Hooker use and sex party activity; Off-shore tax evasion account; Un-reported or improperly documented Illicit family trust fund; Covert construction company and building supplier ownerships which inure to those officials through payola and kickback deals; All of their pedophilia crimes; Nepotism hires, and every other traceable illicit action which clever private and public investigation and forensic science can uncover.
- Seek Federal defunding of the entire County and contact every federal entity that has ever distributed funds to the county within the last 10 years to demand defunding of that County.
- Deploy a global website that documents each and every corrupt person and their corrupt deeds in the county (ie: <http://xyzcase.xyz>)
- Use the peer-to-peer investigation network of millions of voters and current and former intelligence and law enforcement contacts to eradicate any and all improprieties in the County

and place all County staff under long term surveillance using Voat.co, Reddit.com, Facebook, and all social media.

- Send out bi-weekly national press releases with updates on the investigations.
- Hold public TV press conferences in front of the offices of officials engaging in such reprisals.
- Use ALL of these entirely legally actions WITH the support of Congressional officials and Federal law resources.
- Make absolutely certain that every voter in the County knows that the defunding and the ruckus is because of these officials. You can even name the whole scandal after the Chief Administrator of the County or the investigator who was doing the reprisals so that everyone knows who to thank for all of the hassle.

You can now easily eradicate these corrupt public officials, wipe out their pensions, expose them in global media, have them arrested and indicted and end their ability to abuse public offices. They work for YOU. They are YOUR employees. Hold them to task! Thousands of dirty officials have been terminated, 100% legally, using these tactics!

In Marin County, California an incredible number of public officials have been caught having sex with the children of the local populace and then using their offices to cover up their underage sex crimes. In addition, the greatest disparity of millionaire vs. poor people exists in Marin County yet, guess who all the bosses of Marin County government and the Judiciary are: Millionaires! The poor (under \$75K/Yr. Total family income) are consistently set upon in Marin by bureaucratic fascists who feel that anyone who is not pulling in a cool million are “sub-humans”. In fact the majority of Marin County are not even remotely millionaires and that majority is tired of getting a boot on their head every time they look for justice. These bureaucrats must no longer be allowed to prey on our children, our poor and become fat off the trough of the public’s taxes.

They get away with these things because they live in a bubble in which they believe they are “untouchable” and that nobody is their boss. Tell them now, Tell them Today: YOU ARE THEIR BOSS!

Pedo-like Marin County Bosses should no longer get to think that the public is their day labor and realize that every one of the Elitist Political Mob Bosses lording it up under Frank Lloyd Wright’s big blue domes are the tools of that very public! The ***Alliance Against Marin County Corruption*** is asking everyone to participate in an Anti-Corruption program by reporting on, discussing and exposing Corruption in Marin County by adding **#STOPMARINCORRUPTION** as a hashtag, or keyword, on all of your social media when exposing corruption in Marin County.

Marin Residents are stepping up to the task, even if their elected officials won’t do it!

# **Marin County welfare fraud investigators arrested after realty agent gets threatening, racist phone calls**

By Katrina Cameron, Bay Area News Group HERCULES >> A Marin County welfare fraud investigator is under investigation after someone called a realty age

Police arrested Raymond Anciaux, 51, of Hercules last week on suspicion of calling and threatening the agent, who is black, according to Hercules police.

Hercules police Sgt. Joseph Vasquez, saying Anciaux was released from jail after prosecutors asked for further investigation, said he expects the case will wrap up in a week or two. He called the allegations surprising in light of Anciaux's job.

A Marin County spokesman said "the county does not comment on the status of employees or personnel matters."

The 51-year-old realty agent, who was not identified, held an open house Aug. 2 and authorities believe Anciaux's cellphone was used to call her several times and leave voice mails. Police said the caller used several racial and gender slurs, stated he didn't want her in his neighborhood and threatened to kill her.

Anciaux was arrested on suspicion of committing a hate crime and making annoying phone calls.

### Arrest of HIX Chief Doesn't Slow 'Covered California' Development

*Despite searching for a replacement for its IT chief, the California health insurance exchange is slated for an on-time launch.*

BY JESSICA MULHOLLAND ([HTTP://WWW.GOVTECH.COM/AUTHORS/JESSICA-MULHOLLAND.HTML](http://www.govtech.com/authors/jessica-mulholland.html)) / APRIL 18, 2013

On March 15, the IT chief for California's health insurance exchange (HIX) -- called Covered California -- James Joseph Brown Jr., was arrested. And he left his post on March 25, the day he was arraigned on felony conflict of interest charges, according to local news outlet *The Sacramento Bee* (<http://www.sacbee.com/2013/03/29/5303231/former-california-state-employee.html>). *The Bee* also reported that when the crimes occurred, between Nov. 2 and Dec. 8, 2009, Brown was bureau chief of information systems for the Justice Department, according to a complaint filed in Sacramento Superior Court.

And now, with California's health insurance/benefits exchange facing a year-end deadline, the exchange is scrambling to fill the position, according to the *Sacramento Business Journal* (<http://www.bizjournals.com/sacramento/print-edition/2013/04/12/arrest-chief-challenge-health-exchange.html>).

## Marin County Illegally Refuses Subsistence Money to Thousands of Poor Residents

by [Peter Gallotta](#)

Update: Recent [coverage](#) in the Marin Independent Journal critical of the County's administration of its [General Assistance Program](#).

SAN RAFAEL, CA – In California’s wealthiest county live up to 6,000 desperately poor residents, most of them neglected by the County’s government. In a lawsuit filed on January 31 in Marin County Superior Court, three destitute Marin residents charge that the County uses illegal and unfair methods to refuse subsistence aid to its most destitute population.

The suit, filed by Greg Versis, Alfredo Garcia and Lee A. Lee and backed by two major public interest law firms, asks the court to lend order, consistency and openness to the County’s methods for dispensing General Assistance (GA) funds. GA is a county program which provides a small monthly stipend (about \$387 a month) to indigent adults.

While California law requires counties to distribute GA funds fairly, the lawsuit charges that Marin County shirks this duty by running its GA program “according to *ad hoc*, unpublished, ever-changing, and often unwritten rules that result in the inhumane termination of last resort aid.” Moreover, plaintiffs allege that the County is breaking state law by cutting people out of GA assistance without first making the required findings of good cause.

The result: Just 450 of the county’s indigents, many of whom are disabled, are given the few dollars they need to survive, and even those people face arbitrary cut-offs. The rest have fallen through the safety net. In the past 11 years, the complaint alleges, about 139 homeless people have died on the streets of Marin County and many more have been left hungry, ill, and unable to pay for shelter.

Kristen Washburn, an attorney with Bay Area Legal Aid, one of the organizations representing the plaintiffs, saw her client lose his GA benefits and then his housing. “He couldn’t pay his rent and was evicted. He was living in a tent during the coldest and wettest time of the year,” she said. “Then there was a cold snap and a lot of rain, and he told me his tent was leaking. I wondered how he was going to survive.”

The suit alleges that Marin has shunned its indigent population for decades. “The Board of Supervisors has ignored this critical, last-resort benefit, and the very poorest members of this affluent county for more than 30 years,” said Bob Capistrano, another lawyer with Bay Area Legal Aid. “Welfare workers are cutting people out of GA based upon nonsensical, unfair, and illegal rules they seem to be making up as they go along.”

Plaintiff Alfredo Garcia, 49, a former construction worker who was sidelined by work injuries, was able to receive GA but he fears losing this lifeline because it is nearly impossible to understand and follow the County’s many arbitrary requirements. For example, he and other recipients have to file monthly status reports and are threatened with possible termination even if they file the reports one day *early*. “I really worry about all of the other people who rely on GA and the many folks who lose it every month.” Garcia said. “It isn’t much money, but it is all we have to survive.”

“We are asking the court to order Marin County to follow the law,” said Judith Gold of the Public Interest Law Project, which is also representing the plaintiffs. “That means it can’t cut people off from

this critically needed aid for violating program rules unless the violations are truly their fault. It also cannot keep running this program under unwritten standards that the Board of Supervisors has not reviewed or approved. While we recognize that counties are under pressure to save money, this will save money in the long run by allowing more people to get out of costly shelter beds and into stable housing.”

*The Public Interest Law Project provides crucial litigation and advocacy support to local legal services and public interest law programs throughout California. (<http://www.pilpca.org>). Bay Area Legal Aid is the largest provider of free civil legal services in the Bay Area. Bay Legal and PILP have frequently worked together to ensure access to the GA safety net. They have successfully pursued a number of General Assistance cases against other counties, including Contra Costa and Alameda.*

## **Elite Marin County Politicians Play Favorites and “Political Payback” With Public Funds**

By **Nels Johnson**, Marin Independent Journal

More than 21,000 people live below the federal poverty level in Marin County, and 1,900 are children under 6 years old, a new study reports.

Marin’s overall poverty rate checks in at 8.4 percent, a measure that involves a family of four earning less than \$23,550 a year, but the rate hits a lofty 12.8 percent for Marin children under 6.

“Poverty in the Bay Area,” a new analysis by San Rafael economist Jon Haveman, focuses on the region as a whole, but provides striking insights about Marin County as well.

“It does surprise me that the poverty rate here is so high,” Haveman said. “It peaked at 9.5 percent in 2011.”

As for the high poverty rate involving young children, the lack of affordable child care is a problem, he said, adding 30 percent of all youngsters across the Bay Area live in households involving a single mother.

Haveman, who heads Marin Economic Consulting and has monitored the regional pulse since 2001, said that when measured by a more rigorous California poverty indicator that adjusts for the cost of living, Marin's poverty rate is somewhere between 17 percent and 19 percent — not much better than the state's 22 percent average. He added that as far as meeting a separate "self sufficiency" standard that also accounts for the cost of living, almost 30 percent of Marin residents are unable to make ends meet adequately, about the same as the rest of the Bay Area.

"Marin has a have and have-not economy," Haveman said. "The wealthiest county in the Bay Area has levels of economic hardship comparable to the region as a whole."

Heather Ravani, assistant director of the county Health and Human Services Department, said Haveman's observation comes as no surprise. "Marin may be the healthiest and one of the wealthiest counties in the state, but every day thousands of our children are hungry and falling behind, and our families struggle to meet their basic needs," Ravani said. "Until we as a community change our focus and move to support and improve these conditions, we will continue to see this gap widen and see our children unable to escape a life of poverty."

Amy Reisch, executive director of the First 5 Marin Childrens and Families Commission, said the new study backs data already on hand. "It's clear we have an unacceptable level of poverty," Reisch said. "We've known there's a big disparity in Marin, and for children in particular, we're not doing all we can."

Marin childcare activists are working on a 2016 quarter-cent sales tax measure that would raise \$10 million a year to benefit impoverished children. County supervisors have allocated \$50,000 for a plan outlining how funds raised by a sales tax for kids would be used, information needed to persuade voters the tax makes sense.

Children's advocates including MarinKids last year reported more than 800 families were on a waiting list for affordable child care, nearly 60 percent of elementary and middle school children are unsupervised after school, and hundreds of Marin children live below the federal poverty level. While 91 percent of white children attend preschool, only 32 percent of Latino kids attend. Only 30 percent of children from poor families score well in English, compared to 82 percent of others.

Haveman said he was unaware of the ballot plan.

As a region, Haveman's study indicated the Bay Area has an 11.3 percent poverty rate that hovers near historic highs, with more than 800,000 people living below the poverty line. Poverty plagues the region even though "the Bay Area has a fast-growing frontier economy that is the starting point for much of the technology created nationwide," the study noted.

# How Corruption In Marin County, California works!

By IJ Researcher

One glowing example of the darkness that Marin officials use to regularly hide payola is exemplified in one recent example of agency boondoggling.

A senior Education Department official who abruptly resigned last month after a dispute with Secretary Betsy DeVos received hundreds of thousands of dollars in off-the-books bonus pure profit corruption payola over a seven-year period, according to a new report. Over 30 Marin officials are suspected of using this same payola tactic.

James Runcie, an Obama administration appointee who served as chief operating officer of the Federal Student Aid office, received secret, five-figure bonuses each year while his office gave out billions in improper payments, It was recently [reported](#), citing sources inside the Education Department.

While Runcie ran the FSA, the government's \$1.4 trillion financial aid program, the office made improper payments for the federal Pell Grant program, which ballooned from \$562 million in 2015 to \$2.21 billion in 2016, and for the Federal Direct Loan program, which increased from \$1.28 billion in 2015 to \$3.86 billion in 2016.

"These are disbursements that either shouldn't have been made, went to the wrong recipient, were for an incorrect amount, or were not properly documented," it was reported, adding that "under Runcie's leadership there was pervasive fraud and corruption at the FSA."

A government source told investigators that Runcie's personnel file showed a total of \$432,885 in bonuses over a seven-year period, culminating in a \$76,000 bonus in 2016. The bonuses do not appear on Runcie's official government salaries.

Runcie resigned last month after DeVos asked him to testify before Congress on the rising rate of improper payments in student aid, *BuzzFeed* [reported](#). The resignation came the day before DeVos was set to testify about the new proposed federal budget.

"I cannot in good conscience continue to be accountable as chief operating officer given the risk associated with the current environment at the [Education] Department," Runcie wrote in his resignation memo.

This form of corruption via government financed payola is called a "Layered Skim" in FBI circles.

A large number of Marin County officials are now under FBI, and other group investigation, because the money in question moved between states.

“Bonuses” in Marin County government reports are now receiving laser-like inspection for years 2007 to 2017.

Three in four Americans (75%) last year perceived corruption as widespread in the country's government. This figure is up from two in three in 2007 (67%) and 2009 (66%).

While the numbers have fluctuated slightly since 2007, the trend has been largely stable since 2010. However, the percentage of U.S. adults who see corruption as pervasive has never been less than a majority in the past decade, which has had no shortage of controversies from the [U.S. Justice Department's firings of U.S. attorneys](#) to the [IRS scandal](#).

In Northern California's El Dorado County, neighbors are fighting back. According to their website at: <https://neighborsagainstcorruption.com> , they mean business.

*They say: “ We are ordinary people like you who are disgusted with the corruption in our local County government. For years corruption in several forms has been hurting innocent people in El Dorado County California. For example, several elected officials have rigged the County payroll and retirement system to pump-up their retirements and take home hundreds of thousands of extra dollars in non-performance bonuses in addition to their excessive six-figure salaries. While protecting his pals,*

*the District Attorney has wasted millions of your hard earned tax dollars on failed prosecutions of innocent residents for self- aggrandizing publicity and/or punishing political enemies. Recently, the 2014-15 El Dorado County Civil Grand Jury recommended that the District Attorney convene a Criminal Grand Jury to investigate and prosecute the County Auditor-Controller for felonies and official duty misdemeanors he has committed which, by law, would automatically remove him from office. Predictable, the District Attorney has refused to prosecute the County Auditor-Controller because the two are political allies.*

Disgusted with this corrupt behavior, scores of County residents including many innocent victims have joined together to form the non-partisan political action committee Neighbors Against Corruption to educate our neighbors and recall from office the worst violators of our public trust- District Attorney Vern Pierson and Auditor-Controller Joe Harn. They report:

*“We live in a representative republic. We use elections to hire a small number of our neighbors every four years to supervise and manage various functions of our Federal, State, and local governments. Unfortunately, some of these neighbors we elect behave or perform so badly that they should be fired, just like any other disastrous employee. Fortunately, Division 11, Chapter 1 of the California Elections Code provides us with a recall process which allows us the opportunity to fire these disastrous elected officials. Under our State’s recall process, a petition requesting an election to recall an official elected to county-wide office, like the District Attorney or Auditor-Controller, signed by 10% of the County’s registered voters triggers a recall election (10, 626 in El Dorado County). If the majority of voters then vote to recall that official we once elected, he or she is immediately removed from office – successfully fired.”*
