

Charges Filed Saying Rogue CIA Group Got Google, Facebook, Twitter, Linked In, Amazon, Ebay together to attempt Democrat Media Take-over

By Deacon Brown

There is no doubt about the fact that the Silicon Valley Cartel all share the same Political Action Committee crony funding(PAC), the same lovers, the same tax lawyers, the same staff with the CIA's In-Q-Tel, CIA funding, CIA contracts and have regularly weekly meetings with each others lobbyists.

It is a federally recorded fact that they funded Obama and got the largest crony payola kickbacks in history from Obama.

It has been proven that they rigged all of their social media to push their political candidates.

The social media giants argue that it was "all just a coincidence", but was it? Are the idiotic misogynistic white male frat house boys who run these companies really smart enough to stage a Coup D'Etat or did they have a little help from a little known agency. The Corbett Report and Zero Hedge believe that it is all part of a carefully coordinated attempt to manipulate federal taxpayer dollars via very extreme crime:
