Motley Fool has always been a front for the false hype and paid stock manipulation that Elon Musk spends tens of millions on. In addition to the use of THE AGENCY, In Russia, and other hired Trolls, Meat Puppets and Sock Puppets, The Motley Fool has always been bold enough to take money and perks from Musk and the Silicon Valley Cartel and then lie and mislead investors to try to save Tesla's corruption-ridden stock. So, Daniel Sparks, Motley Fool Shitlord and stock shill, we are calling your bluff.

Challenge:

Daniel, Refute the information, below, in front of us, the FBI and the American Consumers, ready, set, go....

The screenshot shows the Motley Fool website interface. At the top, there is a navigation bar with the site logo, a search bar, and links for Home, Fool, How To Invest, Investing Commentary, CAPS Community, Retirement, Boards, and Fool Store. A red arrow points to the 'Fool' link. Below the navigation bar, there is a sub-navigation bar with links for Basic, ETFs, Options, Small-Cap, Dividends & Income, High Growth, Value, Mutual Funds, and International. The main content area features a large red headline on the left that reads 'A TESLA STOCK SHILL FRONT OPERATION'. To the right of this headline is an article titled '3 Items the Shortsighted Media Doesn't Understand About Tesla Motors Inc. Stock' by Daniel Sparks, dated July 12, 2014. The article text begins with 'A number of recent reports on electric-car maker Tesla Motors (NASDAQ: TSLA) serve as excellent examples of key differences between the shortsighted media and the long-term minded buy-and-hold investors. On three particular Tesla topics that often make headlines, the media appears to be somewhat clueless.' Below the text is a photograph of a Tesla building with the word 'TESLA' on the facade.

Elon Musk is a criminal and a mobster who used bribes and search engine rigging, in association with the White House, to steal taxpayer cash and industry positioning.

Motley Fool is supporter of criminals by publishing the absolute horse-crap the hype up about Musk and Tesla.

Evan Niu is simply a poor sad shill.

None of the above deserve another line of media coverage that does not expose their outrageous scam!
